

AST AND WEST MEET IN GREAT AIRPLANE RACE

Maynard at Cheyenne
Expects to Reach
Frisco Tonight.

NO ACCIDENTS THURSDAY

CHICAGO, Oct. 9.—East and west met in the air at North Platte, Neb., today for the first time when the leaders of the west bound and east bound flyers in the transcontinental reliability race landed there. Tonight Lieutenant E. W. Maynard, the "flying carter" was at Cheyenne, Wyo., hundreds of miles ahead of the west bound aviators, and Captain Lowell H. Smith, well in the lead of the contingent from the west was at Omaha for the night. Maynard, piloting machine No. 31, who left Chicago at 9:09 a. m., central time, had flown 886 miles today, a greater distance than he covered yesterday the first day of the race, but time, chiefly due to adverse weather conditions, which in one form or another extended almost from coast to coast was slower. He landed at Cheyenne at 6:25 p. m., mountain time, having covered a total distance of 1,696 miles in two days.

Captain Smith, after struggling thru three mountain snowstorms today, reached Omaha at 7:20 p. m. tonight, having made 852 miles today without accident. His total distance since the start is 1,460.

The remarkable flights of Maynard and Smith for two days have made the transcontinental race in air journey unparalleled, all things considered, in this country.

Most Flyers Accounted For.

At the close of today's flight the flyers remaining in the race, of the 47 starting from Minneapolis and the 15 which left San Francisco, were strung out across the country, most of them accounted for.

Two machines from the west, No. 50 piloted by Second Lieutenant Hall, and another driven by Second Lieutenant Fuen, were missing tonight.

At Rawlins, Wyo., it was feared they were lost in the "mountain snowstorm." The day's flights were attended by no fatal accidents, yesterday's record being parried by three fatalities.

The most serious of several accidents, nearly all of them of minor nature, was the spectacular crash of Lieutenant E. V. Wales' plane No. 46 from San Francisco, on Elk mountain, at Ober Pass, Wyo., in a heavy snowstorm. Pilot Wales was seriously injured and was taken to a ranch house. His passenger, Second Lieutenant William Goldsborough was only slightly hurt.

While rain in the east and middle west made landing fields soggy and dangerous resulting in a few minor accidents, snow in the Rocky Mountain region made flying difficult and hazardous. The snow screened the fields at Rawlins and Green River, Wyo., and the latter early in the day was terminated from the control stations, the flyers who left Salt Lake City this morning proceeding to Rawlins.

Pass at North Platte, Neb.

The meeting of east and west leaders at North Platte, Neb., today vitally marked the half way point for the two flyers, Maynard and Smith. The city marked off 1,491 of the 2,700 mile trip for Lieutenant Maynard while for Captain Smith the distance was 1,211 miles. Maynard landed there at 4:14 p. m., and Smith five minutes later.

Besides No. 34 which fell in Lake Erie, No. 27, piloted by Major H. J. Miller, was reported out of the race because of engine trouble at Rock Island, Ill.; No. 48, driven by Lieutenant H. D. Smith, crashed at Rockport, N. Y.; Robert Kaul, was said to be out of the race when landing this morning at Coalville, Utah, because of the snowstorm. No. 38, driven by Lieutenant Norman H. Langley also was reported damaged in a forced landing at Hudsonville, Pa.

Wins Halt Maynard.

Lieutenant Maynard, the westward flying pace setter, was unable to duplicate his sensational speed of better than two miles a minute for the 810 miles from Minneapolis to Chicago, but increased his distance today in spite of adverse winds, chiefly from the southwest. He was the first to reach Chicago, arriving late yesterday, the only flyer to arrive here the first day of the race. When he departed today before any others had reached Ashburn field, he expressed the hope to reach San Francisco by sundown on Friday. His closest follower was at Des Moines tonight.

Only seven other flyers reached Chicago from the east today and four of them remained for the night. The flyers were held up by Buffalo, Cleveland and Bryan, D., by rains and soggy fields. The planes which reached here today were the following:

No. 47, driven by Captain H. C.

Plenty of Food for Whole World Declares Hoover

SAN FRANCISCO, Oct. 9.—There are ample supplies of the most essential food commodities to feed the world until the next harvest but there must be an increase in city productivity and a readjustment of industrial relations generally if a terrible era of bloodshed is to be avoided, Herbert Hoover told a gathering at the Commercial Club here today.

"The delay in peace has particularly in Europe delayed the import of raw materials," Mr. Hoover said. "There is also the lack of food of social ferment arising primarily out of the necessity for economic readjustment of wages, in the endeavor to meet the rise in prices within the vicious circle of inflation in money and credits during the war. Industrial productivity has reached so low an ebb that nothing but political, moral and economic chaos finally interpreting itself in loss of life on a scale hitherto unknown is upon us, unless constructive measures can be set up by which the world is to be returned to normal work."

"The economic impulse of the French and other revolutions of the last century was the better division of the land. The economic impulse of the revolution of the last two years has been the better division of industrial production."

"There will be no use of fears for rising prices if our productivity maintains at its present level, for rising prices will simply be the visualization of insufficient production. The first step in the solution of world problems is peace," Mr. Hoover said. "The deaden interest of the worker brought about by specialization in industry and the destruction of the old intimacy between employer and employee must be revived thru solutions that go deeper than strikes, lockouts arbitrations and other devices for ending industrial strife," Mr. Hoover said.

FORMER AMBASSADOR TO CHINA RETURNS

SAN FRANCISCO, Oct. 9.—The Japanese pledge to restore Shantung to China "means only the return of the shell" said Dr. Paul S. Reinsch, who arrived here today on his return from the post of American ambassador to China which he recently resigned. "Japan holds a wonderful trump card," Dr. Reinsch said, which is the return to China of those things wrung from her by Germany, retaining only her privilege of entering Shantung on equal terms with the rest of the world. This would convert sentiment in China from a probable lasting hatred into a feeling of grateful friendship and would disarm every critic of Japan in America and throughout the world."

Dr. Reinsch said he was going to Washington to practice international law. "I have been retained by the Chinese government as legal adviser," he said, "and not as political adviser, at Washington."

Dr. Reinsch expected that the "students" mentioned in despatches as working for the reorganization of China and in other activities embrace men and women of all ages.

The turn is apt to have received education in large numbers in Europe and America and does not refer to those merely attending school.

SENATORS LEAVE FOR PITTSBURGH

WASHINGTON, Oct. 9.—Five members of the senate labor committee headed by Senator Kenyon of Iowa, tonight left Washington for Pittsburgh, where the investigation of the steel strike authorized by the senate will be continued.

The other members of the committee making the trip are Senators Phipps, Colorado; McKellar, Tennessee; Walsh, Mass.; and Sterling, South Dakota. The intention of the committee as announced by Chairman Kenyon is to get an intimate view of conditions in the steel district of which Pittsburgh is the center. The inquiry is expected to begin on Saturday and continue until next Monday or Tuesday.

IGNORE MURDER CHARGE

Pittsburgh, Pa., Oct. 8.—The Allegheny county grand jury today ignored a charge of murder against a special policeman and a deputy sheriff in connection with the death of Mrs. Fannie Sellens, an organizer of the American Federation of Labor who was shot on August 16 at Natona where there was a strike of steel workers.

Drayton at Des Moines tonight.

No. 17, Major H. J. Miller, Rock Island, Ill.

No. 17, Lieutenant L. S. Webster, Chicago.

No. 50, Captain J. O. Donaldson, Chicago.

No. 8, Lieutenant Alexander Pearson, J. Chicago.

No. 29, Major Harry Smith, Chicago.

No. 33, Lieutenant E. H. Manzmann, Chicago.

Six other planes were at Cleveland and the remainder of the west bound machines were scattered across the eastern territory.

THREE SENATORS SPEAK ON PEACE TREATY THURSDAY

Senator Walsh Pleads
Against Shantung
Settlement.

MORE SPEECHES FOR TODAY

WASHINGTON, October 9.—A quick command from Vice-President Marshall at the conclusion late today of a dramatic appeal by Senator Walsh, Democrat of Massachusetts for a league of nations that would do justice to oppressed nations of the world and of reservations to the pending league covenant broke up in its very beginning a demonstration that appeared for a moment to sweep thru the senate galleries. For more than an hour senators and visitors had listened to the address and as Senator Walsh laid down the last page of his manuscript and with arms raised high pleaded against approval of the Shantung settlement "and the dangers lurking in article ten of the league covenant," a faint ripple of applause was instantly followed by a more pronounced outburst.

But it was as quickly subdued. The sharp voice of the vice-president was heard above the rising din.

"Remove from the galleries those who have violated the rules of the senate," the vice-president shouted at which gallery guards, apparently bewildered endeavored to suppress the growing desire of many persons to make known their approval of the Massachusetts senator's views with hands and feet. In the confusion which spread to the floor the crowds began to move away and a few offenders, whose conduct was noted by guards were hustled out.

The speech of Senator Walsh, the third of the day, drew a large attendance, and because of the uncertainty as to where he stood he received undivided attention. He quickly cleared away all doubt, however, and frankly announced his regret at parting with his Democratic colleagues in voting for treaty reservations and in so doing declared he was not breaking away from his party principles.

Contending that under article ten American soldiers could be ordered to any part of the world by the league council Senator Walsh turned to senators on his own side of the chamber and asked:

"May I not fairly argue that this article is capable of so many interpretations vague and visionary, that as it stands it is pregnant with germs of dispute, misunderstandings and possible wars for the United States?"

The other speeches today were by Senator France, Republican of Maryland who gave the second installment of his 35,000 word address begun on Wednesday and Senator Nelson, Republican of Minnesota who told in thirty minutes of his strong desire to see a lasting peace that would forever shut out the threat of war. As Senator Nelson who is 76 years old and a wounded veteran of the union army concluded his address, he gazed about him for a moment and then, with feeling declared it was not a statesman the senate had heard, "but old Corporal Nelson of the fourth Wisconsin."

A new season of speechmaking began with today's addresses, and senators on the Democratic side called attention to the fact that the treaty was laid before the body three months ago tomorrow. Failing the other day to obtain unanimous consent to begin consideration of the Shantung amendments under the five minute rule on Wednesday the senate will proceed in its own way hearing other speakers and shifting to the reading of the printed text if senators eager to express their views are not ready to attack or defend the treaty and its league of nations covenant.

Senator Norris, Republican of Nebraska is expected to speak tomorrow and if he concludes in time Senator Lodge will attack the Shantung award.

Announcement that Senator Johnson, Republican of California would return on Tuesday, some senators said tonight, meant that a vote on the Shantung amendments probably would be taken next week. So many predictions as to voting time have been made however, that most members are unwilling to add to the uncertainty by again expressing their views.

FLYERS COMPLAIN OF INSUFFICIENT INSTRUCTORS

Chicago, Oct. 9.—Pilots of planes in the coast to coast aerial flight arriving here today at Ashburn field complained of insufficient instructions being given them on how to reach the field.

Captain J. O. Donaldson, piloting an SR-5 (British) and Major Harry Smith, piloting a DeHavilland-Pour, were forced to land several miles west of Chicago to inquire the way to the field.

Condensed Telegraphic News

TUSCON, ARIZ., Oct. 9.—Eight hundred shopmen of the Southern Pacific company here struck late today and the night shift refused to go on, as the result of local differences between company officials and the grievance committee of the shopmen, it was said. Tuscon is a division point of the Southern Pacific.

ROCKFORD, ILL., Oct. 9.—Camp Grant has been designated by the war department as the auto-motor training center for the entire United States army according to official information received from Washington.

CHICAGO, Oct. 9.—Two gifts to Northwestern University, one of \$500,000 and the other, made by a woman, of \$50,000 were announced today at a meeting of the board of trustees at which it was decided to raise \$25,000,000 for proposed new buildings to be erected on the Evanston Campus, and on a site on Lake Shore Drive near the fashionable residence quarters of Chicago. No names were given out in connection with the gifts.

BALTIMORE, MD., Oct. 9.—Mrs. Robert Morris of Toledo, Ohio, was elected president tonight of the Service Star Legion formerly known as the "War Mothers of America."

LONDON, Oct. 9.—TREATY.—The "king's copy" of the German peace treaty probably will be signed by King George tomorrow and forwarded to Paris, it was learned today by The Associated Press. It is expected that the signing by the king will be followed by his peace proclamation. (This would complete Great Britain's ratification of the peace treaty.)

LONDON, Oct. 9.—Premier Lloyd George answering demands made by British miners at today's conference admitted that many advantages could be secured from joint control of mines by capital and labor, but declared the government was unable to frame its policies on the lines of the miners' suggestion.

U.S. TROOPS WILL REMAIN AT GARY INDEFINITELY

Commander Arranging
for Permanent
Headquarters.

CHICAGO, Oct. 9.—Preparations were continued today for a prolonged stay of the United States troops at Gary, Col. W. S. Mapes, in command of the federal soldiers who were sent to the steel city following disorders in connection with the strike of steel workers is arranging permanent quarters for the troops in case of cold weather.

Mill officials in the district under marshal law and military control declared today that strikers were returning to work in increasing numbers.

At Gary it was asserted that the mills there were operating on a 50 per cent basis and that they had a surplus of unskilled labor.

Strike leaders countered these statements with claims that the men were standing firm. The skilled workers were still on strike, the leaders declared.

The Inland Steel company, the Mark Manufacturing company and the Universal Portland Cement company at Indiana Harbor, Ind., continued today to operate units in several departments and the America Steel Foundry company which has been closed since the beginning of the strike, resumed operations with a limited force.

Federal officials at Gary are continuing their efforts to find alleged ringleaders who have been spreading propaganda among the strikers.

ELECTION APPROVED

Detroit, Mich., Oct. 9.—Approval of the election of Rt. Rev. Charles R. Sumner Birch as bishop of New York, voted yesterday by the house of deputies of the Protestant Episcopal church in triennial convention here was concurred in today by the house of bishops.

Rev. Charles L. Slatery, rector of Grace Episcopal Church, New York City, was elected dean of the theological school at Cambridge, Mass. Rev. Slatery was a candidate at the recent election for the bishopric of the New York diocese.

BARN FIRE THURSDAY

The fire department was called to the residence of Harvey Nauhl, 504 South Clay avenue at 8:30 o'clock Thursday morning where fire had started in a small barn. The names were extinguished without much damage.

Mr. and Mrs. D. K. McCarty of Litchberry motored to the city yesterday.

SPOKANE, Oct. 9.—Senator Hiram W. Johnson reached Spokane tonight in his speaking tour against acceptance of the league of nations in its present form and addressed a large audience. The California senator left for Montana and Utah points immediately after his address here, in which he practically covered the same that he has taken in previous speeches.

CHICAGO, Oct. 9.—Governor Frank O. Lowden was ill of intestinal influenza at a hotel tonight, but his condition was not regarded as serious. His temperature was 101 in the afternoon. Mrs. Lowden arrived early in the day from the Lowden farm near Oregon, Ill. The governor's immediate engagements were cancelled.

CHICAGO, Oct. 9.—The last testimony in the wage hearing of stock yards workers in the middle west was presented today to Federal Judge Samuel A. Schuler.

The wage demands of the stock yards employees were referred to Judge Schuler for a decision and hearings were begun ten weeks ago.

WASHINGTON, Oct. 9.—Senator Johnson, Republican of California today notified his colleagues here that he would conclude his western speaking tour with an address in Salt Lake City on Saturday. The senator said he expected to reach Washington on Tuesday.

ST. LOUIS, MO., Oct. 9.—Resolutions calling on United States Senator Spencer, Republican, to vote for the majority report of the foreign relations committee for amendments to the peace pact were adopted at a meeting of the Republican state committee and the women's state organization here today.

In even the senate fails to adopt the report Senator Spencer is urged to vote against ratification of the treaty. The resolutions demand the immediate return of American troops from abroad, and oppose sending American soldiers to other countries unless preceded by a declaration of war by congress.

MICHIGAN MOTHER GIVES CHILDREN SLOW POISONING

Double Blood Transfusion Operation
Resorted to in Chicago

CHICAGO, Oct. 9.—A battle against great odds was begun tonight at a hospital where a double blood transfusion operation was resorted to in an effort to save the lives of Shirley Genevera Luikart, seven years old and her sister, Edna Marjorie, five, both suffering from slow poison administered by their mother who has confessed at their home at Royal Oaks, Mich., to do it.

The elder child was in such a condition that her life was virtually spared but the smaller one was considered to be much better. The children were brought here today from Detroit in a race against death after Detroit physicians held out no hope of their recovery.

Mrs. Roy Luikart said she gave the little ones the poison in an evil moment when she hoped to be freed from maternal cares to engage in a vocal career. Now in the Pontiac county jail, she weeps the tragedy.

Roy Luikart, the father, declared today he had forgiven his wife and would do all he could to aid her. When he left Detroit with the children many persons were at the railway station with words of cheer and gifts. On the train passengers showered toys, candy and fruit upon the little party.

Upon arrival at the hospital five newspaper reporters offered their blood for the transfusion operation. The physician took a pint of blood from a reporter, the veins and transferred it to those of the children. He afterward said that necrosis of the tissue has started in the case of the elder girl, and that there was but one chance in a hundred for her to recover, but he was hopeful that little Edna might be saved.

BIG CELEBRATION FOR REDS

Cincinnati, O., Oct. 9.—The Cincinnati Reds, the new world baseball champions, will be received as conquering heroes when they arrive from Chicago tomorrow morning. Arrangements for their reception are in the hands of the Cincinnati Business Men's Club, whose membership, with a band of music, will be at the railroad station to greet the returning champions and escort them to breakfast at the club's headquarters. Thousands of spectators gathered about bulletin boards and cheered their favorites as the game progressed today.

THE INDUSTRIAL ROUND TABLE BEGINS WORK

Many Proposals Laid
Before Body by Various
Delegates.

DISCUSS STEEL STRIKE

WASHINGTON, Oct. 9.—Concrete proposals designed to bring about better relations between employers and the employee were laid before the national industrial conference today by members of various groups making up the gathering. The proposals included:

Arbitration of the nation-wide steel strike, with return of the men to work pending settlement; an industrial truce starting immediately and continuing three months; creation of an arbitration board by the president and congress and including among its members all ex-presidents and a comprehensive plan for adjudication of industrial disputes thru boards of arbitration in the various industries.

The conference today also took in first concrete action in adopting a motion, offered by Thomas L. Chadbourne, a representative of the public providing that a committee consisting of three members from each of the groups of employers, labor and the public be appointed to investigate the high cost of living.

The proposal for settlement of the steel strike introduced by Samuel Gompers, president of the American Federation of Labor, one of the delegates, soon after the conference met in the first of the day's two sessions came as a surprise to the groups representing the public and employers. In offering the proposal, Mr. Gompers explained that it had the support of the labor delegates including the representatives of the railroad brotherhoods. The proposal, like all others submitted today, under the conference rules was referred to the general committee composed of five representatives of each group. It generally was believed that the proposals would be in the hands of this committee for some time.

As chairman of the public group Bernard M. Baruch introduced the proposal for an industrial peace formulated by A. A. London of Buffalo, and the plan that a national board of conciliation and arbitration be completed, which was put forward by Gavin McNab of San Francisco.

In answering the proposals Mr. Baruch explained that he was merely acting for his group and that under the conference rules the introduction of the proposals did not indicate either that the proposals set forth the chairmen's views or that they had the endorsement of the group.

The proposals for adjustment of labor disputes thru joint boards of employers and workers in each industry, with appeal to general boards appointed by the president and a final appeal to an umpire, also came from the public group. It was drafted by Secretary of Labor Wilson and was understood to have been endorsed by President Wilson.

Speaking for the employers' group which put forward no plans today Chairman Harry A. Wheeler explained that five different interests were included in the group and that this fact had delayed naming of the groups' suggestions for the conference.

Mr. Miller and a number of his associates were not present at the afternoon session of the conference and sent word that they were at work and expected to report at tomorrow's session.

The prospect tonight was that allowing the introduction of the employers' demands the conference will recess for ten days or two weeks, to allow the general committee and such special committees as may be named time to take action on the material before it.

Dr. Charles W. Eliot, president emeritus of Harvard University, a representative of public, took exception to the injection of the strike issue into the conference and denounced the group method of procedure, because, he said, it promotes combat over "cold conditions." He declared that the conference should make a new start.

Declaring that the substitution of "confidence" for distrust of good will for enmity of co-operation for antagonism between capital and labor are the fundamental necessities involved dissolution of recent industrial problems. John Rockefeller, Jr., a representative of the public, presented a resolution providing recognition of the principle of representation in industry under which the employees shall have an effective voice in determining their terms of employment and their working and living conditions.

Fuller E. Callaway, a cotton manufacturer of LaGrange, Ga., and a representative of the public urged in another resolution that individual initiative and enterprise be encouraged.

Recovery of President Will Be Very Slow

WASHINGTON, Oct. 9.—Altho President Wilson continued to improve today his physicians indicated that they expected his recovery to progress very slowly and that it might be a considerable time before they would permit him to resume work. Rear Admiral Grayson, the president's personal physician would make no prediction as to when Mr. Wilson might return to his desk, but said it would not be soon if he followed the advice of those in attendance upon him.

The president is most anxious to get back into the swing of affairs, however, and it is with difficulty that he is persuaded to remain in confinement.

ARMY WINNER OF BALLOON RACE

ST. LOUIS, Mo., Oct. 9.—Captain E. Paul Phillips, United States army, was tonight declared winner of the army-navy balloon race which started from St. Louis on September 26.

Captain Phillips, with Lieutenant Byron T. Bert, as aide piloted a Langley Field, Va., entry. He was credited with 491.8 miles, a margin of 5.4 over his nearest competitor, Lieutenant Emerson, U. S. navy, coming as aide. Ensign F. L. Cloman, and pilot of a Washington, D. C. contestant.

The official distance made by the Langley Field bag according to the announcement tonight was measured at the short line of Door Peninsula, Michigan, which point he last passed over before landing in the water.

Lieutenant Emerson's balloon landed two miles northwest of Stittsville, Mich., after crossing Lake Michigan.

Third place was awarded Ensign J. H. Stevens and Lieutenant W. R. Reed of the U. S. Navy Station, Pensacola, Fla., with a distance of 479 miles measured from the landing place on the shore of Lake Michigan, four miles northwest of Menominee, Wis.

BLAMES GERMANY FOR UNREST IN WORLD

ATLANTIC CITY, N. J., Oct. 9.—George H. Harries, who recently returned from a nine month stay in Germany as head of the United States military committee there, declared that Germany alone was responsible for the unrest in France, England and this country since the signing of the armistice in an address at the final sessions of the American Electric Railway association's annual convention here today.

"Germany feels that she can more quickly recover industrial supremacy, sooner get concessions on the peace treaty and have the amount of indemnity she must pay lowered," General Harries declared, "if she can have her feet disturbed by internal unrest. You may think I am going too far in saying that Germany is responsible for the unrest which has troubled France, England and this country, but I assure you that I am not. I cannot now tell you why Germany is responsible."

MAGAZINES WILL COME OUT LATE

NEW YORK, Oct. 9.—Every magazine printing establishment in this city has been closed as a result of the "quarrel between certain local unions and their international unions" according to announcement tonight by the Periodical Publishers' Association of America.

A result of the strike and lockout resulting in book and job offices the twenty leading publications will not appear on time, the association announced, besides 152 others and many of the large trade papers.

Another effect of the printing situation is that the Long Island railroad has had to postpone indefinitely the date on which it planned to introduce its winter schedule, being unable to publish its time tables.

BUDD SUCCEEDS HILL

St. Paul, Minn., Oct. 9.—Ralph Budd, executive vice president of the Great Northern Railroad succeeded Lewis W. Hill, as president of the road today at the annual meeting of the board of directors. Mr. Hill retains, temporarily at least, the chairmanship of the board.

The new president was born in Waterloo, Iowa, 42 years ago. He began his railroad career in 1899 with the Chicago Great Western road as a civil engineer going to the Rock Island three years later.

In 1906 he joined John F. Stevens in Panama Canal work. Three years later he built the Oregon trunk line and since then has been with the Hill properties.

SOLD FINE FARM

Alva McDonald sold yesterday a 60 A. L. Burtnor of Newman, Douglas County, his farm located two miles north of Alexander. This tract of 150 acres was purchased by Mr. McDonald from J. B. Corrington last spring. It is a high class farm, otherwise Mr. Burtnor would not have been the purchaser for he is the owner of some rich land in Douglas county. He will operate the Morgan county farm in connection with his other holdings.

TWO WOUNDED WHEN STRIKERS AND WORKERS MIX

Disturbance Occurs
at American Steel
and Wire Co. Plant

NO OTHER DEVELOPMENTS

PITTSBURGH, Oct. 9.—Another disturbance occurred tonight in Donora where two foreign born men alleged to be strikers were shot and slightly wounded today in a clash between strike sympathizers and workers on their way from the plant of the American Steel & Wire Company.

Tonight's disorder occurred when a score of workers coming from the wire plant were attacked by a gang of men. One woman was injured slightly and many others including several children narrowly escaped being hurt by flying bricks, clubs and bullets.

State troopers appeared a few minutes after the attack began and arrested six foreign born men.

Strikers were interested today in the efforts of the Amalgamated Association of Iron, Steel and Tinworkers to settle the strike in agreement with some mills the men walked out, causing the places to shut down and throwing unskilled men out of work.

"The amalgamated association," said D. J. Davis, assistant international president of that organization today, "must uphold its contracts with the steel companies. We do not intend to let the steel strike interfere with these agreements. The amalgamated will attempt to negotiate working agreements for the men employed in these industries although they are not members of the association."

NORWAY JOINS DRY FORCES

It's beginning to look as if the dream of those who seek world-wide prohibition may come true. In Norway the dry forces won in an election by almost two to one vote. However, prohibition there applies only to whisky, brandy and drinks of like strength.

IT'S CHEAP TO PREVENT FIRES

Thursday, Oct. 9, was widely observed as fire prevention day thru the campaign instigated by the state fire marshal and aided by various civic organizations especially in Chicago. There is special point to the fire prevention program these days when the costs of building are taken into consideration. Now that property values have increased so much and the same thing is true of

building materials there is all the more reason why every effort should be made to prevent property losses by fire.

TAKING LOWDEN SERIOUSLY

The combination of the state officers of Illinois into an organization to push Gov. Lowden as a presidential candidate means there is a great deal more than "the favorite son" program to the Lowden boom. The state officers are joining with the senators and by agreement are setting aside for the time being all matters of personal concern about political preference and will give their undivided strength and support to the Lowden movement. This Illinois interest coupled with the enthusiasm that has already developed in many other states, is certainly going to make the Illinois governor a factor in this presidential race.

THE PROBLEM OF THE CHILD

There is really food for serious consideration in the statement of the head of the health department of the national educational association. This report shows that 75 per cent of the 22,000,000 school children of the U. S. are defective in one way or another. Four and one-half million of the number are suffering from malnutrition and it is indeed surprising to find that the list of ailments include such a large percentage of the school children of the country. It is easy to understand why educational organizations today are pointing out that the health of school children is a matter vitally related to the general educational plan.

THE ERA OF GOOD FEELING

They say that the period along about 1821 to 1824 in the U. S.

history was known as the "era of good feeling." At that time the party lines which had previously existed were blotted out and there was a general uniting of the people in a patriotic, all-American way. A well known citizen of Jacksonville aptly suggested yesterday that "the era of good feeling" has arrived in Jacksonville. He based his statement on the evidence of the vote in the election Tuesday. Certainly all party and ward lines were obliterated in that election and with great unanimity of spirit the people united in support of the cause in which they were evidently all interested. Let us hope that "the era of good feeling" in Jacksonville has not only begun but may continue for even a greater number of years than it did in the early history of the U. S.

FAVOR GOVERNMENT CONTROL OF SUGAR

People generally do not approve of government interference in the conduct of business. They seem to feel that supply and demand will give the most satisfactory regulations. However, they make an exception in the case of sugar and are not looking with disapproval on the government plan of controlling sugar until the end of 1920. Some sort of control seems to be necessary if sugar is kept within the reach of the average consumer.

RAILROAD WANTS STRIKES PROHIBITED BY LAW

The Cummins railroad bill which is now before the senate will bring a "show down" on certain phases of the labor question. Senator Cummins as sponsor for the bill admits that some changes in the measure are advisable but is standing pat on the provision that strikes of railroad workers shall be prohibited by law. There is sound reasoning in his contention that the railroad workers hold a different relationship to the public than do the workers in other lines. The food supplies of the people are dependent upon the

railroads and nobody but the railroad workers themselves seem to hold the opinion that they have a right to strike and jeopardize not only the comfort but the very life of a big percentage of the people.

HENRY FORD'S NEW BUSINESS PROJECT

Rumor has it that Henry Ford is to build a line of steamers to Ireland because of a distributing branch that his factory has located there. A story of this kind is always believed in connection with Mr. Ford, for the public has learned not to be surprised about any of his undertakings. There is no doubt about his business genius and about the only pleasure he can get out of business life now his development along special lines. The making of money is no object to him as he already has an income larger than he knows how to spend.

Rippling Rhymes By Walt Mason

Sordid Times.
We're so busy profiteering that we haven't time to read, and the publishers are fearing that their trade will go to seed. Everyone is talking prices, flown so high they break the heart; and that sort of stuff suffices to divert our thoughts from Art. I would talk of books and writers when the evening shadows fall, but the cost-of-living blighters gather round and whoop and bawl. I would speak of good old Dante when the evening lamp is lit, but the folks around my shanty cuss the cost and throw a fit. I would grind a soulful ballad from my rusty graphophone, but my people sad and pallid, roast the profiteers and groan. When I'd take my lyre and play it, neighbors come and break the strings, and cry, "Come off—Belay it! We would talk of selomn things." And their talk is all of robbers, and of this and that disgrace; and such hopeful souled Micawbers as myself are out of place. Oh, their talk is all of thieving and of guys who should be pinched, and they spend the gloaming grieving that no fellow has been lynched. I am tired of talking cost; and a word of that suffices to enwrap my soul in frost.

Received by express Thursday another lot of those Boys Buster Brown school stockings in the black, African brown and white. All sizes. T. M. TOMLINSON Chapin.
The people of Chapin are looking forward to a lyceum to be held this fall and winter. The first number of the series will be held October 17 in the Amuse-U theatre. A full announcement of the lyceum plan will be made at a later date.
Beginning October 21, James L. Schofield of Peoria, will hold a church efficiency and community welfare campaign in the Christian church of Chapin. Mr. Schofield who is quite well known in this county is a specialist in this work and has a wide reputation. For some time he was in Y. M. C. A. work. Rev. C. G. Cantrell has arranged for these special services and feels sure that the whole Chapin community will be benefited.
Mrs. C. T. Hatch and Mrs. L. W. Parker of Griggsville were guests Thursday of Mr. and Mrs. A. R. Morrison of West North street.

Social Events

Mothers and Friends Held Regular Meeting.

The Mothers and Friends Association held their regular meeting with Mrs. W. O. Swales of South Clay avenue, Thursday afternoon. Only routine business was transacted. The next meeting will be held with Mrs. Charles Patton of 560 Webster avenue.

Herman's Clerks Enjoyed Picnic.

Wednesday evening the young lady clerks at Herman's millinery and ready-to-wear store enjoyed a fine time at a picnic in Nichols Park. They had wieners and marshmallows and had plenty of other good things in addition. A welcome guest was the father swan who called on the young ladies and was generously treated to bread, wieners and other things which were very acceptable to his swanship.

Helping Hand Class Met With Mrs. Fox.

The Helping Hand Class of Hebrew church met with Mrs. Thomas Fox of Sinclair Thursday afternoon with a large attendance of members. An interesting program was given. The class decided to give a chicken pie supper at the church Thursday evening, October 23. The class decided to meet every month instead of every two weeks as heretofore. The next meeting will be with Mrs. Albert Hopper, November 6.

Ladies Aid of Centenary Church.

The Ladies Aid Society of Centenary church met with Mrs. Clyde Richardson Thursday afternoon. There was a large attendance of members and the regular election of officers was held, the same ones were chosen. They are:
President—Mrs. E. L. Kinney.
First Vice President—Mrs. T. H. Buckthorpe.
Second Vice President—Mrs. Joseph Stice.
Secretary—Miss Clara Ranson.
Treasurer—Mrs. Anna Brown.

A social time followed the election, the new minister, the Rev. D. V. Gowdy, made an interesting talk. Refreshments were served. The next meeting will be held with Mrs. Frank Ledford Thursday, October 23.

Walker Family Have Homecoming.

On the 7th day of October a Homecoming was held of the Walker family at the home of Oral B. Walker, Palmyra, Ill. This was the first time in fifteen years that the entire family had been together. Those present were B. H. Walker, of Taylorville, Ill.; H. Lee Walker of East St. Louis, Ill.; Anna J. King and daughter, Mariana of Los Angeles, Calif.; Oral B. Walker, wife and daughters, Laurene and Virginia, Palmyra, Ill.; Stella C. Bersig, husband, and daughter, Mary Elizabeth of Jacksonville; John H. Walker, wife and children, Evelyn and Darrell of Palmyra, Ill.; George W. Walker, wife and children, Margaret and Wayne of Taylorville, Ill.; Frank S. Walker, Long Beach, Cal.; Roland T. Walker of Jacksonville, and Marshall Glenn Walker, who has just returned from overseas, and now located in Kansas City, Mo.

Ebenezer Ladies Enjoy An All Day Meeting.

The members of the Ebenezer Ladies Aid society enjoyed an all day meeting at the home of Mrs. James McFillen of Litterberry Thursday. There were twenty-three members present, with five visitors. The members brought their dinner. Mrs. McFillen supplying a number of items for the table and a fine dinner was enjoyed.

The new president, Mrs. Ed. Patterson, called the meeting to order in the afternoon. The usual devotional meeting was held first and following this a musical program was given, as follows:
Musical number—Miss Ruby Deweese.
Paper, Mrs. Shoemaker, "The Peace Conference."

Several selections were given by the Gleaners quartet of Ebenezer. This quartet is composed of Ruby Deweese, Elsie Cully, Pearl Deweese and Ruth Deweese. A number of songs were sung by all. The meeting adjourned to meet Nov. 13 at the home of Miss Nannie Daniels.

Reception Given at Rammelkamp Home.

A reception was given at the home of Dr. and Mrs. C. H. Rammelkamp Thursday evening for the trustees and faculty of Illinois college in honor of the new members of the college faculty. There were a large number of friends of the institution present and the evening proved most pleasant in every way. The new faculty members who were the guests of honor for the evening include: Professors Swift, Scott, Leavenworth, Escher, Keep, Whistler, Miss Taylor, Miss Long and the new librarian, Miss McQuiston. During the evening two vocal solos were given by Professor Keep, with Professor Kritch as accompanist. Among the out of town guests present were Mrs. E. A. Tanner, wife of a former president of Illinois, John Bergen of Virginia, a trustee of the college, and Congressman William B. McKinley of Champaign. Refreshments were served.

A Pleasant Picnic At Nichols Park.
Yesterday afternoon at Nichols Park a delightful time was enjoyed by a party of ladies who gave Mrs. Conoran a farewell. The lady has been visiting her sister, Mrs. Nifong, of this city and is to return to her home in Keokuk today and the event was in her honor. A bountiful feast was enjoyed and a good time generally giving the departing guest something pleasant to remember.

Ladies Aid of Woodson Christian Church Gave Dinner.

The Ladies Aid of Woodson Christian church held all day meeting at the home of Mrs. John Shirley, three and one-half miles southeast of Woodson, Thursday. At noon a dinner was served and the ladies cleared \$25 which will be devoted to church purposes. Mrs. Charles Harney was general chairman in charge of the dinner and had an able corps of assistants. During the afternoon a number of piano numbers were given by Miss Clara Bell Megginson which were greatly enjoyed.

Westminster People Guests at Miller Home.

The people of Westminster church gave a surprise party Thursday night in honor of Mr. and Mrs. William Miller and their daughter, Miss Jeanette Miller, at their home on South Diamond street. The Miller family is soon to leave for Oregon to reside and so the Westminster people planned the event of Thursday evening in their honor. About 50 members of the church gathered at the home of Prof. and Mrs. Rayhill on Westminster street and then went to the Miller home. Mr. and Mrs. R. R. Stevenson had preceded them in order to make sure that the members of the family were at home. It was a genuine surprise but the guests were made to feel very welcome and several hours were spent in a delightful social way. Speaking in behalf of the women of the church, Dr. Landis presented Mr. and Mrs. Miller with a handsome rug. Later in the evening W. J. Bady as superintendent of the Sunday school, presented Miss Miller a handsome gold brooch as indicative of the high regard in which members of the school hold Miss Miller, who for years served as pianist for the Sunday school. Refreshments were served and altogether the occasion was one of great pleasure.

COULDN'T RAISE HAND TO HEAD

Bloomington Man Is Back on Job
Every Day Now—Gains Thirty-three Pounds.

"Well, sir, I only weighed one hundred and twenty-nine pounds when I commenced taking Tanlac, and now I tip the scales at one hundred and sixty-two, which gives me a gain of thirty-three pounds, and I claim that any medicine that will help a man that much who has been suffering for twelve long years is worth talking about," said L. T. Augustus, who lives at Hill's Hotel, Bloomington, Ill., the other day.

"I spend most of my spare time telling folks about Tanlac," continued Mr. Augustus, "for it is the only medicine that has done me any good at all since I commenced to have rheumatism and stomach trouble a good many years ago. Nobody except myself will ever know how I suffered during all those years. Sometimes my legs would actually swell to almost twice their natural size, and the pain was so severe I could hardly stand it. My arms were in the same condition, and more than half the time I couldn't raise my hands to my head. Then my stomach went back on me, and everything I ate would disagree with me and cause me to suffer like blue blazes afterwards. Sometimes I would have such bad cramping pains I would have to call in a doctor before I could get any relief. As the years went by my condition gradually got worse, and I finally had to give up my job as I was not able to do my work."

"I will tell you, I was badly discouraged over my condition, and I hardly knew which way to turn, but one of my friends told me about Tanlac and advised me to give it a trial. Well, I got a bottle of this medicine, and it's the honest truth, I was feeling like a different man by the time I had finished my first bottle. I saw then that I had found the right medicine, and I just kept on taking Tanlac until it finally overcame my troubles completely, and now I am as well and strong as I ever was in my life. I never had such an appetite, and everything I eat agrees with me all right. The rheumatism has left me altogether, and I never have a sign of stomach trouble any more. I am back on the job every day in the week now, and just feel fine all the time. I sure believe in Tanlac, and as long as I live I will praise it for overcoming my troubles after everything else had failed."

Tanlac is sold in Jacksonville by Coover & Shreve, in Mercedosa by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by the Wyle Drug Co., in Woodstock by the Hoy Pharmacy and in Chapin by Jac. Onken Bro.

The National Vacuum Washers

Hand Power or Electric

Why You Should Use a National
Vacuum Washer

BECAUSE: It washes quicker, does it much cleaner and with a great deal less work to operate.

Why Does it Wash Quicker

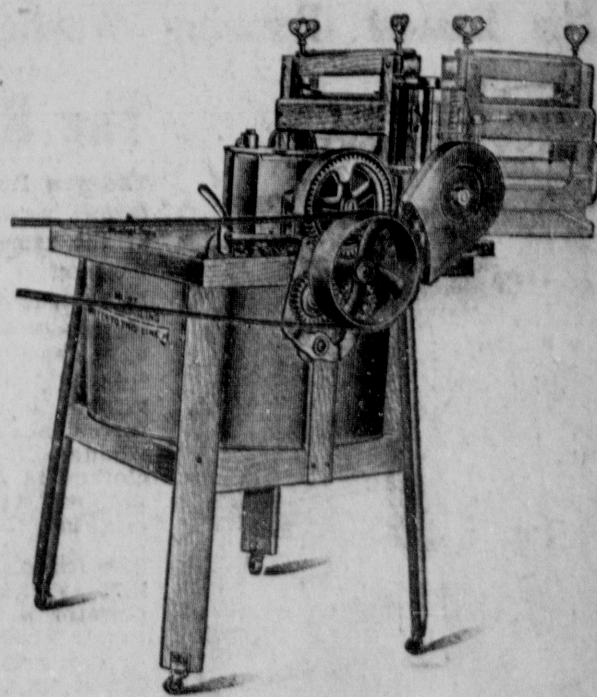

BECAUSE: The rapid action of the dasher driving the hot water and suds thru the soiled clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from any fabric that can be cleaned with soap and water.

DR. HOPKINS' DEATH LOSS TO AGRICULTURE

Head of Agronomy department of Illinois University died at Hospital in Gibraltar—Had Been With Red Cross Commission to Greece.

Urbana, Ill., October 9.—Dr. Cyril G. Hopkins, head of the department of agronomy at the University of Illinois and world authority on soil fertility who for the past year has been in Greece helping the people of that country regain the fertility of their worn soil, died Oct. 6 in the military hospital at Gibraltar where he had been taken from the boat en route from Greece to the United States. Word of his demise reached the University yesterday.

Death was caused by malaria fever contracted while in Greece. Because of the unprecedented heat and the shortage of many of the necessities of life due to the war Dr. Hopkins was forced to live under the most adverse conditions and this exposure was largely responsible for his death. Dr. George Buoyoucos of the University of Michigan who was with him in Greece was with him at the time of his death.

A year ago Dr. Hopkins was given a leave of absence from the University to head the agricultural branch of the American Red Cross in Greece, and in appreciation of his work in that country he was decorated by the King of Greece. He issued one publication in Greek which was distributed to the farmers. He had been on the University faculty for 25 years and was a graduate of South Dakota University, taking his master's and doctor's degrees at Cornell. His one biggest work was in devising a system of permanent fertility by the use of natural materials which has proved most successful. He is survived by his wife and two sons, Cyril, Jr. and Carl.

Great Loss to State
"His loss is not only to the University and the state of Illinois but to the agricultural welfare and development of the entire world. His 25 years of service have been years of much fruit, marked by a noted progress in the subject of which he was master—agronomy. I am convinced that the state has progressed as much through the work and efforts of Dr. Hopkins as it has through the achievements of any other man," said Acting President Kinley of the University.

Dr. Hopkins' best known book and the one that is considered to be his greatest is "Soil Fertility and Permanent Agriculture," and his work has succeeded in making the agronomy department the largest in the college of agriculture.

THE CAUSE OF MISSIONS
Last evening at the First Baptist church, Rev. J. A. Howard, missionary to Bengal, India, gave an interesting and instructive lecture on that far away land and the Baptist mission work there. His talk was finely illustrated with colored stereopticon views which gave an excellent idea of the wonders and attractions of the work.

Mr. Howard is a pleasing speaker and held the close attention of his audience throughout. The gentleman could easily pass for a twin brother of Rev. G. W. Randle pastor of Brooklyn M. E. church of this city.

HEADS OF SUNDAY SCHOOLS CONFER

Held Meeting at Peacock Inn Thursday Evening.

The superintendents of the Sunday schools of the city met at Peacock Inn Thursday evening. About two weeks ago the Sunday school officers held a meeting and organized, selecting C. L. Mathis chairman and J. S. Findley, secretary of the Y. M. C. A. as secretary.

The meeting at the Peacock Inn was called with the pastors of the various churches of the city invited, to make plans for more extensive and intensive work in the Sunday schools. There were present C. L. Mathis, Christian Sunday school; Eb Spink, Congregational church; T. M. Tomlinson, State Street Presbyterian; William Bieber, Westminster church; W. J. Brady, Westminster church; T. V. Hopper, Grace M. E. church; Rev. W. H. Marbach, pastor of State Street church; and J. S. Findley.

It was agreed by those present to establish teachers' training classes this fall and to work together in advertising and boosting the Go-to-Sunday-School Sunday, which is October 26. A committee was appointed to secure the full cooperation of all Sunday schools, and to promote an advertising campaign. T. M. Tomlinson and J. S. Findley were named to compose this committee. The meeting adjourned to meet Thursday, October 30.

BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, easy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC I could not eat a bite without belching it right up and buttermilk. I have not had a bit of trouble since the first tablet."
Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastric catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.
A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."
If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.
At all drug stores—a big box for 50c and your money back if you are not satisfied.

THE OBSERVATORY

Now that the bond issue election and the world's series baseball games have been decided we can get back to "business as usual."

Many a bank balance was changed with the deciding game at Chicago yesterday.

Anyone the better for saving up their money for a few months now, as few sporting events of nationwide interest are scheduled to occur during the winter months.

Someone picked a flower at Nichols Park yesterday and one of the lady members of the park board became highly incensed about the matter, calling the president's attention to the outrage. Of course there is no use denying that the picking of the flowers at the park could not be allowed; the blooms are much prettier growing and flourishing than they are in a bouquet. But at this season of the year its just a question of a day or so until Jack Frost will happen along and take the whole floral display with him, so excitement over the loss of one blossom or two is needless waste of energy.

The Assistant Postmaster General says a mail order house has asked to have the parcel post slowed down since a package mailed ahead of the invoice. The mail order house made this request, we suppose, after it had despaired of speeding up the invoice.

A northern Manitoba town has advertised for a minister who "must be a good poker player." One who knows a narrow path when he sees it, and also a straight.

Those who have been looking for peace are about convinced that the Labor Conference isn't going to be it.

How is Your Batting Average?
There was a woman whose husband had certain deficiencies of temperament. A friend remarked to her on some irritating manifestation of this fact. "Yes," she replied, "but after all, John's batting average is pretty high."

She judged her husband as a whole, rather than piecemeal. It is a sensible way to do. Every baseball player has his off day, when he can't hit the ball. But he isn't judged by that standard. His batting average for the season is taken into account. The wise person judges his friends the same way.

Someone has said the only way to get angry with a friend is to shut your eyes to all his traits except the disagreeable one that has irritated you. If you stopped and thought of his generosity, his readiness to help you in a difficulty, his fundamental decency, you couldn't be particularly annoyed by the trifling thing you have centered your attention on for the moment.

It is much easier under the stress of irritation to forget all these fine traits. Easier, but unfair. The thing to do at such times is to remind yourself: "He didn't hit the ball this time, but his batting average is pretty high."

Brockhouse-Caywood.

Following the Daily-Brockhouse ceremony, Paul L. Brockhouse and Miss Clarice E. Caywood, also both of Chapin, were married by Rev. Goudy. Mr. and Mrs. Daly, who were married first by the Centenary pastor, acted as witnesses of the marriage. Mr. Brockhouse is the son of Mrs. William H. Brockhouse of Chapin, and is a farmer by occupation. The bride is the daughter of Mr. and Mrs. Robert B. Caywood.

Both of the young couples have many friends in this vicinity who will extend congratulations and best wishes.

Bacon-Shewmaker.

William Bacon of Murrayville and Miss Ethel Shewmaker of Jacksonville were married Thursday by Rev. D. W. Goudy, pastor of Centenary church. Mr. Bacon is the son of Mr. and Mrs. Elijah Bacon and is a farmer. The bride is the daughter of Mr. and Mrs. Henry Shewmaker of this city.

The young couple will make their home on a farm near Murrayville. They have many friends in this vicinity who will extend congratulations.

Hauser-Bosse.

The marriage of Joseph Hauser of this city and Miss Eda Bosse of Chapin was solemnized recently at the home of the groom, 309 East College avenue, Rev. W. R. Leslie officiating. Only immediate relatives were present. Following the ceremony refreshments were served and the bride and groom received the hearty congratulations of all in the company.

Mr. and Mrs. Hauser left on a late train for the south and will spend the winter at Leonville, La., with Mr. and Mrs. Grover French, who are well known locally. Next spring Mr. and Mrs. Hauser expect to return to Jacksonville and will have the good wishes of a large company of friends.

Carter-Sibert.

Dr. Samuel W. Carter and Miss Eylla Sibert, both of this city, were united in marriage Thursday evening at 8 o'clock by Dr. Myron L. Pontius in his study at Central Christian church. They were unattended.

The bride is the daughter of Mr. and Mrs. Ernest Sibert of this city. She is a member of the Central Christian church and a young woman who is highly regarded by a large circle of friends.

The groom is a brother of Dr. S. J. Carter. He recently graduated.

Hinners-Fotsch.

Miss Lydia Fotsch and Henry Hinners, both of Meredosia, were married there Wednesday evening at the Methodist church parsonage by the pastor, Rev. Fred Read. The bride is the daughter of Mrs. Minnie Fotsch and is a young lady popular in a large circle of friends. The groom is a prosperous farmer of this vicinity and is well and favorably known here. Mr. and Mrs. Hinners left Thursday morning in their automobile for a motor trip to St. Louis where they will visit relatives for a time. Returning to Meredosia, they will make their home with Mrs. Minnie Fotsch.

Barth-Gard.

The marriage of Miss Florence Gard and Herman Barth occurred at Virginia Wednesday. The bride is the daughter of Mr. and Mrs. J. M. Gard of east of Meredosia. The groom is the son of Mr. and Mrs. Otto Barth, who also resides east of Meredosia. Both of the young people have many friends who will extend best wishes and congratulations. Mr. Barth is a farmer by occupation and the couple will reside on the farm now occupied by the groom's parents.

Daly-Brockhouse.

John Daly and Miss Edna Brockhouse, both of Chapin, were united in marriage at the Centenary M. E. church parsonage Thursday noon, Rev. D. W. Goudy officiating. The ceremony was witnessed by Miss Clarice Caywood and Paul Brockhouse, brother of the bride.

Mrs. Daly is the daughter of Mrs. W. H. Brockhouse of Chapin. She was born and reared in Chapin and educated in the public schools there. Recently she has been teaching school. She was instructor at the Baker school and later at the Hazel Dell school near Sinclair. She has many friends in Jacksonville.

Mr. Daly is a son of Mr. and Mrs. Patrick Daly of Chapin and a carpenter by occupation. He is well known in this city, having often visited at the home of Mrs.

Charles Souza, Sr., being a cousin of Mrs. Souza's. He has but recently returned from army service, having been overseas eight months. He is one of five brothers, all of whom saw service in this late war.

Mr. and Mrs. Daly will reside in Chapin, where the groom has a home already furnished for his bride.

Leidy-Fernandes.

Russell Leidy and Miss Lillian May Fernandes both of this city were united in marriage Thursday evening at 7 o'clock by Dr. Walter E. Spoons, pastor of Northminster church at his residence.

The bride is the daughter of Samuel C. Fernandes and was born and reared in this city. She is a member of Northminster church and a young woman highly regarded by all who know her. She has recently been employed as packer at the McCarthy-Gebert cigar factory.

The groom is the son of Mr. and Mrs. Charles Leidy and has always made this city his home. He was in army service during the war and was many months overseas with the 33rd division. He is an apprentice brickmason and a young man who stands high in the regard of his friends.

They expect to make their home in this city and will have the best wishes of their many friends.

Cooper Smith.

The wedding of Jay Cooper of Concord and Miss Florence Smith took place at 6 o'clock last evening at the residence of the bride's parents, Mr. and Mrs. H. C. Smith, two miles south of Chapin, Rev. T. J. Symons of Concord officiating. The ceremony took place under an arch of flowers and green trimmings with a background of ferns and roses. The house was beautifully decorated, the living room in yellow and the library, in which the ceremony took place, in green. The bride was suitably arrayed in a dress of white satin with brocade trimmings and carried pink Ward roses. They were attended by Farrell Cooper, brother of the groom and Miss Hazel Antrobus, cousin of the bride. Miss Antrobus wore a dress of pink silk and carried a shower bouquet.

The groom is a son of J. B. Cooper of Concord and is a young man of fine qualities. He served in the recent war as a regimental supply sergeant for eight months. He attended business college in Springfield and is a farmer.

The bride is a graduate of the Chapin high school and a young lady of many pleasing qualities and possesses a host of friends.

After congratulations had been showered on the young people, a three course luncheon of superb quality was enjoyed. In cutting the bride's cake Miss Minnie Antrobus received the thimble, Farrell Cooper, the ring; Miss Louise Swettart, the dime; Mrs. Grant Gaines of Jacksonville, the needle.

The newly wedded pair went by auto to Springfield and will proceed thence to Detroit and elsewhere for a short wedding trip and will be at home on the parental farm about November first. A great many presents testified to the esteem in which the young people are held.

Among the guests were Mr. and Mrs. Robert Latham, and Mrs. Howard Reich of Springfield; Mrs. M. L. Test and Marguerite Petersburg; Mrs. Eliza Roberts, Mrs. Jane Webster, William Cooper, of Chapin; Mr. and Mrs. Earl Rexroat and daughter of Litterberry; Mr. and Mrs. E. L. Clark, Mrs. A. C. Rexroat and Mrs. Grant Gaines of Jacksonville.

OBITUARY.

The funeral services for Harold Lockwood Mason were held Wednesday afternoon at 2 o'clock from the home of his parents, Mr. and Mrs. Grover Mason, Rev. M. L. Pontius officiating. Interment was in Moss cemetery. The flowers were kindly cared for by Misses Josephine and Jennie Steinmetz. Music was furnished by Mrs. Otto Smith and Edna Ogle, accompanied by Mrs. Harry Brainer.

In Remembrance.
The little crib is empty now.
The little clothes laid by.
A mother's hope, a father's joy.
In death's cold arms doth lie.
Go little pilgrim to thy home.
On yonder blissful shore.
We miss him here but soon will come.

Where they have gone before.
Darling Harold Lockwood Mason
who has left us.

Left us, yes, forevermore.
But we hope to meet our loved one
On that bright and blissful shore.

Those little lips so sweet to kiss,
Are closed forevermore.
Those sparkling eyes that shone so bright
Beneath that pearly brow
That little heart that beat so big.

Free from all care and gloom.
Are hidden now from those he loved.

Beneath the silent tomb.
The gentle voice now is hushed.
The warm true heart is still.
And on that young and innocent brow

Is resting death's cold chill.
The hand that clasped upon our breast
We have kissed thy lovely brow.

And in our aching hearts we know
We have no Darling now.

Ladies who have been patiently waiting for our Black Cat Stockings can get them today at our store.

PAIGE CAR OWNED BY H. M. CAPPS STOLEN

Seven Passenger Touring Car Bearing License No. 228,133 Taken from in Front of Rammelkamp Residence on Lockwood Place Last Night.

A seven-passenger Paige touring car belonging to Harry M. Capps, president of J. Capps and Sons, Ltd., was taken from the residence of C. H. Rammelkamp, 310 Lockwood place between nine and ten o'clock last night.

Mr. Capps attended the reception given at the Rammelkamp home in honor of the new members of the Illinois college faculty and parked his car just east of the residence shortly before nine o'clock. When he discovered the car to be missing about 10:30 o'clock he at first thought that some boys were playing a practical joke of some sort and search was made about the campus and nearby neighborhood. When no trace of the automobile could be discovered the matter was reported to the local police authorities.

The car is a 1916 model Paige touring car and bears the license number 228,133. Any information regarding a car bearing this license tag will be appreciated by Mr. Capps. The owner carried theft insurance on the car.

Head of Agronomy Department of Illinois University Died at Hospital in Gibraltar—Had Been With Red Cross Commission to Greece.

Urbana, Ill., October 9.—Dr. Cyril G. Hopkins, head of the department of agronomy at the University of Illinois and world authority on soil fertility who for the past year has been in Greece helping the people of that country regain the fertility of their worn soil, died Oct. 6 in the military hospital at Gibraltar where he had been taken from the boat en route from Greece to the United States. Word of his demise reached the University yesterday.

Died from Fever.
Death was caused by malaria fever contracted while in Greece. Because of the unprecedented heat and the shortage of many of the necessities of life due to the war Dr. Hopkins was forced to live under the most adverse conditions and this exposure was largely responsible for his death. Dr. George Buoyoucos of the University of Michigan who was with him in Greece was with him at the time of his death.

A year ago Dr. Hopkins was given a leave of absence from the University to head the agricultural branch of the American Red Cross in Greece, and in appreciation of his work in that country he was decorated by the King of Greece. He issued one publication in Greek which was distributed to the farmers.

He had been on the University faculty for 25 years and was a graduate of South Dakota University, taking his master's and doctor's degrees at Cornell. His one biggest work was in devising a system of permanent fertility by the use of natural materials which has proved most successful. He is survived by his wife and two sons, Cyril, Jr. and Carl.

Great Loss to State.
"His loss is not only to the University and the state of Illinois but to the agricultural welfare and development of the entire world. His 25 years of service have been years of much fruit, marked by a noted progress in the subject of which he was master—agronomy. I am convinced that the state has progressed as much through the work and efforts of Dr. Hopkins as it has through the achievements of any other man," said Acting President Kinley of the University.

Dr. Hopkins' best known book and the one that is considered to be his greatest is "Soil Fertility and Permanent Agriculture," and his work has succeeded in making the agronomy department the largest in the college of agriculture.

THE CAUSE OF MISSIONS
Last evening at the First Baptist church, Rev. J. A. Howard, missionary to Bengal, India, gave an interesting and instructive lecture on that far away land and the Baptist mission work there. His talk was finely illustrated with colored stereopticon views which gave an excellent idea of the wonders and attractions of the work.

Mr. Howard is a pleasing speaker and held the close attention of his audience thruout. The gentleman could easily pass for a twin brother of Rev. G. W. Randle pastor of Brooklyn M. E. church of this city.

**HEADS OF SUNDAY
SCHOOLS CONFER**
Hold Meeting at Peacock Inn Thursday Evening.

The superintendents of the Sunday schools of the city met at Peacock Inn Thursday evening. About two weeks ago the Sunday school officers held a meeting and organized, selecting C. L. Mathis chairman and J. S. Findley, secretary of the Y. M. C. A. as secretary.

The meeting at the Peacock Inn was called with the pastors of the various churches of the city invited, to make plans for more extensive and intensive work in the Sunday schools. There were present C. L. Mathis, Christian Sunday school; Eb Spink, Congregational church; T. M. Tomlinson, State Street Presbyterian; William Bieber, Northminster church; T. V. Hopper, Grace M. E. church; Rev. W. H. Marbach, pastor of State Street church; and J. S. Findley.

It was agreed by those present to establish teachers' training classes this fall and to work together in advertising and boosting the Go-to-Sunday-School Sunday, which is October 26. A committee was appointed to secure the full cooperation of all Sunday schools, and to promote an advertising campaign. T. M. Tomlinson and J. S. Findley were named to compose this committee. The meeting adjourned to meet Thursday, October 30.

**BELCHING
Caused by
Acid-Stomach**

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by **Acid-Stomach** from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of **Acid-Stomach** without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Chills of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by **Acid-Stomach**.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

THE OBSERVATORY

Now that the bond issue election and the world's series baseball games have been decided we can get back to "business as usual."

Many a bank balance was changed with the deciding game at Chicago yesterday.

Anyway the betters can save up their money for a few months now, as few sporting events of nationwide interest are scheduled to occur during the winter months.

Someone picked a flower at Nichols Park yesterday and one of the lady members of the park board became highly incensed about the matter, calling the president's attention to the outrage. Of course there is no use denying that the picking of the flowers at the park could not be allowed; the blooms are much prettier growing and flourishing than they are in a bouquet. But at this season of the year its just a question of a day or so until Jack Frost will happen along and take the whole floral display with him, so excitement over the loss of one blossom or two is needless waste of energy.

The Assistant Postmaster General says a mail order house has asked to have the parcel post slowed down since a package mailed arrived ahead of the invoice. The mail order house made this request, we suppose, after it had despaired of speeding up the invoice.

A northern Manitoba town has advertised for a minister who "must be a good poker player." One who knows a narrow path where he sees it, and also a straight.

Those who have been looking for peace are about convinced that the Labor Conference isn't going to be it.

How is Your Batting Average?

There was a woman whose husband had certain deficiencies of temperament. A friend remarked to her on some irritating manifestation of this fact. "Yes," she replied, "but after all, John's batting average is pretty high."

She judged her husband as a whole, rather than piecemeal. It is a sensible way to do. Every baseball player has his off day, when he can't hit the ball. But he isn't judged by that standard. His batting average for the season is taken into account. The wise person judges his friends the same way.

Someone has said the only way to get angry with a friend is to shut your eyes to all his traits except the disagreeable one that has irritated you. If you stopped and thought of his generosity, his readiness to help you in a difficulty, his fundamental decency, you couldn't be particularly annoyed by the trifling thing you have centered your attention on for the moment.

It is much easier under the stress of irritation to forget all these fine traits. Easier, but unfair. The thing to do at such times is to remind yourself: "He didn't hit the ball this time, but his batting average is pretty high."

The groom is the son of Mr. and Mrs. Charles Leidy and has always made this city his home. He was in army service during the war and was many months overseas with the 33rd division. He is an apprentice bricklayer and a young man who stands high in the regard of his friends. They expect to make their home in this city and will have the best wishes of their many friends.

Cooper Smith.

The wedding of Jay Cooper of Concord and Miss Florence Smith took place at 6 o'clock last evening at the residence of the bride's parents, Mr. and Mrs. H. C. Smith, two miles south of Chapin, Rev. T. J. Symons of Concord officiating. The ceremony took place under an arch of flowers and green trimmings with a background of ferns and roses. The house was beautifully decorated, the living room in yellow and the library, in which the ceremony took place, in green. The bride was suitably arrayed in a dress of white satin with brocade trimmings and carried pink Ward roses. They were attended by Farrell Cooper, brother of the groom and Miss Hazel Antrobus, cousin of the bride. Miss Antrobus wore a dress of pink silk and carried a shower bouquet.

The groom is a son of J. B. Cooper of Concord and is a young man of fine qualities. He served in the recent war as regimental supply sergeant for eight months. He attended business college in Springfield and is a farmer.

The bride is a graduate of the Chapin high school and a young lady of many pleasing qualities and possesses a host of friends.

After congratulations had been showered on the young people, a three course luncheon of superb quality was enjoyed. In cutting the bride's cake Miss Minnie Antrobus received the thimble, Farrell Cooper, the ring; Miss Louise Swettart, the time; Mrs. Grant Gaines of Jacksonville, the needle.

The newly wedded pair went by auto to Springfield and will proceed thence to Detroit and elsewhere for a short wedding trip and will be at home on the parental farm about November first. A great many presents testified to the esteem in which the young people are held.

Among the guests were Mr. and Mrs. Robert Latham, and Mrs. Howard Fetsch of Springfield; Mrs. M. L. Test and Marguerite of Petersburg; Mrs. Eliza Roberts, Mrs. Jane Webster, William Cooper, of Chapin; Mr. and Mrs. Earl Rexroat and daughter of Litterberry; Mr. and Mrs. E. L. Clark, Mrs. A. C. OBITUARY.

The funeral services for Harold Lockwood Mason were held Wednesday afternoon at 2 o'clock from the home of his parents, Mr. and Mrs. Grover Mason, Rev. M. L. Pontius officiating. Interment was in Moss cemetery. The flowers were kindly cared for by Misses Josephine and Jennie Steinmetz. Music was furnished by Mrs. Otto Smith and Edna Ogle, accompanied by Mrs. Harry Brainer.

In Remembrance.
The little crib is empty now.
The little clothes laid by.
A mother's hope, a father's joy.
In death's cold arms doth lie.
Go little pilgrim to thy home.
On yonder blissful shore.
We miss him here but soon will come.
Where they have gone before.
Darling Harold Lockwood Mason—
who has left us.

Left us, yes, forevermore.
But we hope to meet our loved one
On that bright and blissful shore.
Those little lips so sweet to kiss,
Are closed forevermore.
Those sparkling eyes that shone so bright,
Beneath that pearly brow
That little heart that beat so big.

Free from all care and gloom.
Are hidden now from those he loved.
Beneath the silent tomb.
The gentle voice now is hushed.
The warm true heart is still.
And on that young and innocent brow
Is resting death's cold chill.
The hand that clasped upon our breast
We have kissed thy lovely brow.
And in our aching hearts we know
We have no Darling now.

Ladies who have been patiently waiting for our Black Cat Stockings can get them today at our store.

PAIGE CAR OWNED BY H. M. CAPPS STOLEN

Seven Passenger Touring Car Bearing License No. 228,133 Taken from in Front of Rammelkamp Residence on Lockwood Place Last Night.

A seven-passenger Paige touring car belonging to Harry M. Capps, president of J. Capps and Sons, Ltd., was taken from the residence of C. H. Rammelkamp, 310 Lockwood place between nine and ten o'clock last night.

Mr. Capps attended the reception given at the Rammelkamp home in honor of the new members of the Illinois college faculty and parked his car just east of the residence shortly before nine o'clock. When he discovered the car to be missing about 10:30 o'clock he at first thought that some boys were playing a practical joke of some sort and search was made about the campus and nearby neighborhood. When no trace of the automobile could be discovered the matter was reported to the local police authorities.

The car is a 1916 model Paige touring car and bears the license number 228,133. Any information regarding a car bearing this license tag will be appreciated by Mr. Capps. The owner carried theft insurance on the car.

M. F. DUNLAP SELLS CHICAGO PROPERTY

Disposes of Fine Residence Property to A. Arthur O'Leary—Purchase \$25,000.

The Chicago Tribune carried a story Thursday morning of the sale by Millard F. Dunlap of a residence property in Chicago to A. Arthur O'Leary, president of the firm of A. J. O'Leary & Son. The price paid is \$25,000.

Mr. Dunlap is in Chicago at the present time. The property is located at 4331 Drexel Boulevard and is a twelve room stone front house and a very desirable property. The lot is 37 by 180 feet.

DRESSMAKING AND DESIGNING BY EXPERT

Ladies contemplating having dresses made are earnestly requested to call and consult with our Mr. Strassberg, designer, formerly specializing in this line of work with Marshall Field and Jacques, of Chicago, and Horn of Pittsburgh. Mr. Strassberg is eminently fitted to give you absolute satisfaction in design and fitting, and we guarantee workmanship.

It would be well also, to look into the matter of suits at this time, as costs of materials are constantly advancing.

URANIA LODGE I. O. O. F. GAVE ANNUAL BANQUET

Large Number Attended Annual Supper Thursday Night — Excellent Program Given.

A large number of members of Urania Lodge No. 243, I. O. O. F., and their invited guests gathered in the hall on West State street, Thursday night, the occasion being the annual banquet of the order.

Committees had been appointed for the occasion and nothing was omitted to make the occasion a most enjoyable one. A program of readings and musical numbers was given. A short address was given by Rev. D. V. Goudy, the new pastor of Centenary church. Mr. Goudy's address was a splendid one and greatly enjoyed by the audience.

Following the program the guests sat down to the banquet table and this feature of the evening was in keeping with the other arrangements. Judge W. E. Thomson acted as chairman of the evening.

The program follows:

Music—I. O. O. F. orchestra. Otto Eckels, leader.

Music—I. O. O. F. Quartet. Vocal—Miss Nora Young, Illinois Conservatory of Music of Illinois College.

Reading—Man's Place in the Home—Miss McCammon, Department of Expression, Illinois Woman's College.

Vocal—Miss Lazelle, College of Music, Illinois Woman's College.

Whistling Stunts—Fred E. Darr.

Address—Rev. D. V. Goudy. Music—I. O. O. F. Quartet.

Music—I. O. O. F. Orchestra.

The following committees were in charge of arrangements for the affair.

Booster—W. E. Thomson, chairman; W. C. Howe, John T. Roberts.

Banquet—Charles Goodey, chairman; Charles H. Baisley, A. W. Ruyie.

Entertainment—Rev. W. E. Spoons, chairman; Charles E. Williamson, Clyde D. Black.

INCREASE IN TRAFFIC REQUIRES LAWS

Enforcement Here Not Stricter Than in Most Cities and Towns — Now One Car for Every Fifteen People in State.

Occasionally one hears a little unwarranted criticism of the Jacksonville business men who have volunteered to serve as traffic officers and to thus assist in the enforcement of a needed law. Such criticism is unwarranted, first because the traffic officers have proceeded in a very tolerant way and thru past weeks have been waging a campaign of education.

The fact is that traffic law enforcement here is not as strict as obtains in larger cities, no more strict than is in force in most towns and villages. The reason for this wide spread enforcement of traffic laws and regulations is the growth of automobile traffic. In this state now there is one automobile for every 15 people. The parking question is one which presents serious difficulties now to nearly every city because the parking space available cannot be readily increased to keep pace with the growth in the number of automobiles.

The enforcement of traffic laws is of benefit to the automobile drivers themselves as the enforcement helps protect them from personal injury and injury to others. Then the pedestrian comes in for benefits and law enforcement means greater protection for them. In Jacksonville the traffic officers, co-operating with the police department, have sought to bring about a thorough understanding of city and state laws for the benefit of all concerned. They have taken particular pains to deal courteously with both residents and non-residents and certainly the proper enforcement of law will not drive automobile travelers away from Jacksonville.

A NEW DEPARTMENT

In our daily wandering looking for news in going into the store of the C. C. Phelps Dry Goods Company we were invited to go up stairs on the balcony and were certainly surprised in finding that they had opened a new department with fine new mahogany fixtures both for the Art and Pattern departments, with new linoleum floor covering. All of the latest styles, all that is new in the way of art merchandise can be found in this section and much new material is on the way and will be found displayed in an artistic manner by Miss Maud Franz, who is an expert in this line of merchandise, having had a number of years experience. Miss Franz is in charge of this department and will be pleased to have all her friends call and be shown the great variety of handsome and popular priced merchandise usually found in an exclusive department of this kind. If she hasn't what you want she will make an effort to get it for you. Your time in looking through this new section will be well spent as this is the time to begin your Holiday shopping.

All that is new and attractive can be found here. This popular store has been redecorated in white on the main floor and shows up clean and airy and it will be found a pleasant and profitable place to trade.

DEDICATION AT VICKSBURG

Wednesday, October 15, in the National Military Park at Vicksburg there are to be dedicated statues erected by the state of Illinois in honor of Major Gen. U. S. Grant, Major Gen. John A. McClernand, Major Gen. John A. Logan, Brig. Gen. John McArthur and Brig. Gen. John E. Smith.

Bluford Wilson of Springfield, T. B. Orear of Jacksonville, Carroll Moore of Benton and John M. Vernon of Chicago have been designated by Governor Lowden to be guests of honor on that occasion.

Judge Orear's health will not permit him to go and he has designated S. W. Nichols, commander of Matt Starr Post G. A. R., to go in his place.

TOWN TALK

Trials of the Motormen.

This is the season of nerve straining for motormen. Because of falling leaves, which cause the wheels to slide, the drivers of the most used electric do not know whether their cars will stop where they are supposed to or not or go sliding on to destruction. Extra caution necessary to prevent collisions, slows down the service, also.

Travel Not Affected.

The high cost of living is not affecting travel to any noticeable extent, according to local passenger agents. Instead there is an ever increasing difficulty in obtaining accommodations.

Weighing Mail.

Postal clerks in the parcel post department are very busy weighing the total of the packages which are being sent thru that department at this time. The weighing will be maintained until October 15, when the totals will be checked for the whole country.

Corn Husking in Progress

Following the most advantageous weather for maturing the corn crop experienced in years, corn husking has begun generally over central Illinois, much earlier than usual. The grain is perfectly dried, in marked contrast to the crop of last year, and the yield, it is said, will run ahead of expectations on most fields.

Of Course, Of Course

Add toothbrushes to the articles peculiarly affected by the high cost of living, according to one drug clerk, its high priced hogs that makes them so high.

Running Board Going

Automobile styles are as vital to the automobile owner as is the latest thing in hats to women. One automobile manufacturer says advance information for 1920 models indicates that the running board is going. A running board is only a dirt catcher, manufacturers say, and a small perforated iron step should take its place. Such a change will also add to the desirable slender silhouette.

Hallowe'en Preparations.

Downy stores are preparing for Hallowe'en. This year as last the old-fashioned pumpkin jack-o-lantern will be largely supplanted by substitute paper composition lanterns which are being offered. Owing to the return of hundreds of young men to Jacksonville and Morgan county from war, dances and entertainments are to be numerous.

Going West

A mysterious couple rode into town about two o'clock yesterday afternoon on a motorcycle and carrying a small amount of baggage. The man rode in front and the woman had as comfortable a seat as circumstances would permit right behind the driver. They said they were traveling from New York to Los Angeles, California but absolutely refused any further information regarding themselves. They took lunch at Benson's and proceeded on their way.

CINCINNATI WORLD'S BASEBALL CHAMPIONS

Win Titular Honors by Crushing Chicago White Sox in Eighth Game of Series 10 to 5—Redlegs Drive Williams, Sox Star, Out of the Box in First Inning, Scoring Four Runs—Story of Game.

CHICAGO, October 9.—The World's Baseball Championship Pennant for 1919 will fly from Redland Field, Cincinnati next season. Pat Moran's athletes invaded hostile territory today and won the eighth and deciding game against the Chicago White Sox by a score of 10 to 5. As expert baseball it was as funny as a sack race. Nearly everything possible happened, including a comic four-run rally by the Athletics in the pale history. It never would have happened just as it did if the sun had not entered the lists and blinded the visiting fielders. It was all the funnier for the reason that the Sox were nine runs behind at the time. The Reds, after dropping two games on their own grounds on the banks of the Ohio, permitting the Sox to get back in the running for the big emblem started after the deciding game at the outset. They descended on Claude Williams, left handed offerings with a determination which sent him into seclusion before the third man was out and Bill James, who hurls from the other side was trotted out. Three runs were scored off Williams and one off James. It was the latter's first appearance in the series, and he led a strenuous life until the sixth, when with two men on the sacks he was given the beckoning finger by Manager Gleason and Roy Wilkinson also a right-hander, came forth to remain thru the holocaust. The visitors continued their onslaught and sent three runs across the rubber. In the seventh the rangy hurler was somewhat wild and walked two men, but no runs were scored by the leg weary champions-to-be. In the eighth they advanced another and let it go at that. Their position was so secure that they appeared indifferent, even bored at the Sox rally which had the effect largely of merely stretching the contest out into the longest of the series, namely, two hours and twenty-seven minutes.

Large Crowd Present.

The remarkable good weather of the series was again in evidence and 32,550 persons paid to see the massacre of the local idols. The attendance for the series was 236,928 and the receipts, exclusive of war tax \$722,414. Of this the players receive

\$260,349.70 of the amount taken in during the first five games.

The winners' share is \$117,157.68, which will give \$5,207.01 to the participating athletes. This is more than the salaries of most of them, it is said. The Sox players will distribute twenty-four shares of \$3,254.36 each.

Rath started the first inning for the Reds by popping to Risberg. Daubert took a grim swing at the sphere and singled to center. It was the beginning of the end. Groh picked out another at-fable offering and sent it also into the right garden. Daubert swinging around to third. The mighty Roush declared himself in on the onslaught with a double to right, scoring Daubert with the first run of the game. Groh, on the trot, to the plate, went to third. Duncan, observing that left field had been discriminated against in the matter of drives, singled in that direction, scoring Groh and Roush. This series of gargantuan wallops ending Williams career as a major league pitcher for this season. He retired to the bench and the towering James strode into the fray. He was wild and Kopf walked on four bad ones. James steadied when he faced Neale and the Red right fielder struck out. Rariden sent a single to center scolding Duncan home. Eller was the final out on a fly to Felsch in right.

Sox Fail in First.

The Sox started out as if they had solved Eller's delivery and intended to do what they did in Cincinnati the other day, overcome a four run lead for a victory. The hope was shorted however. Liebold singled to left and went to third on Eddie Collins' double to left center. Weaver struck at two and missed and was informed by the umpire that he also should have struck at the third one. The runners on second and third looked weary when Weaver was called out but perked up when Jackson grasped his bat and faced Eller. The best the slugger could do on this occasion was a pop up to short. Felsch was even less able, for he struck out and those who had so often in this series seen the Sox die on bases for lack of hits at the right time lost hope right there. The Reds started the second with a whiff by Rath. Daubert sent a fly to Jackson. Groh started trouble by beating out a grounder to Gandil and scored on Roush's double to center. Roush overran second and was run down between bases.

In the Sox half Gandil lined to Daubert and Risberg strolled. Rariden dropped Schalk's foul and for a moment it looked as if that might mark a change in the game for on his next swing Schalk singled to left Risberg going to second. James, however, fouled to Groh and Liebold fanned and again there were no runs for the locals.

Jackson Hits Home Run. In the next inning the Reds were retired in rotation, but in their half the Sox produced the first and only home run of the series. Joe Jackson was the hero. He caught a breast high one and dropped it cleanly into the distant right field bleachers. It counted for one run, for there were none on base ahead of him. Felsch was retired, a short to first and for four more innings Jackson's tally alone remained to picture the fact that the Sox were contending.

Neither side scored in the fourth, but the inning was signalized by a wonderful throw by Liebold from center which nailed Eller. The inning started by Rariden lining to Gandil and Eller got on by taking one of James wild ones in his anatomy. Rath beat out a hit ward Collins. Eller reaching second. Daubert singled to left center and Eller attempted to score. It was on this play that Liebold made his accurate return to the plate. Groh popped to Collins.

In the fifth the Reds added another tally to their string and did it after two had been retired hitless to the coop. Kopf bounced one past Gandil and was down on the safe side of the foul line for a triple. Neale rose to the emergency with a single to left, Kopf scoring. Neale stole second and Risberg threw Rariden out at first.

Reds Rally in Sixth. The Reds started the sixth with Eller up and he singled thru the pitcher's reservation. Rath walked and as James seemed to be weakening fast he was sent to the club house. Daubert greeted Wilkinson, the new hurler with a bunt in front of the plate. Schalk had plenty of time to force Eller at third, but threw wide and the bases were filled. Groh in the pinch struck out. Roush singled to center, scoring Eller and Rath. Duncan joined in the melee by singling and scoring Daubert. Kopf walked and Neale hit to Weaver, who threw Roush out at the plate. The bases however remained filled. With Rariden at bat, Kopf took long a lead off second and was caught by Schalk's throw.

In the eighth Roush got a life when hit in the back by a pitched ball and it eventuated into a tally. He was sacrificed to second by Duncan and registered on Rariden's single to left.

Umpires—Nallin, behind plate; Rigler, at first; Evans at second; Quigley at third.

Chicago started such fire works as they had in reserve in this inning. Liebold drove a liner to right, which Neale nailed on the dead run. Collins singled to center and Weaver doubled to right. Then both Collins and Weaver scored on Jackson's double in the same direction. Felsch popped to Daubert. It was here that the sun joined the White Sox team. Gandil hit a long high fly to right center. Neale evidently heard the crack of the bat but saw nothing. He shaded his eyes to pierce the blue but never saw the ball and it dropped thirty feet from anybody for a triple. Gandil scored when Roush also bothered by the glare, dropped Risberg's fly. Schalk was thrown out by Rath terminating the rally.

Sox Make Final Bid.

The Reds got a man to second in the final inning but he expired there while the Sox responding to yells from their friends in the stands, tried to start another rally. But nothing came of it. Murphy came to bat for Wilkinson and did not try very hard to get out of the way of a curve which struck him on the bat. Liebold sent a liner, which had all the earmarks of a triple to right center. Roush made the greatest catch of the series in getting it. He raced at top speed across the field and fell as he grasped the ball off his shoe tops. He turned a somersault, but came up with the ball still safely in his hands. Murphy was almost at second but was able to scramble back to first. Eddie Collins singled to center and Murphy made third on the hit. The Reds made no attempt. Collins stealing second. The game was too near over. Weaver flew out to left center. Now was the time, from the local viewpoint for another homer by Jackson, but he went out easily. Rath to Daubert. All told the Reds accumulated sixteen hits, every player getting one or more. The Sox made ten.

Loves Her Cows and Chickens Again

"I have had stomach trouble for twenty years and for the past year have eaten nothing but stale bread and drank hot water. Was too weak to do any kind of work. Six weeks ago I took the first dose of Mayr's Wonderful Remedy and am now doing all my housework besides looking after my chickens and milking two cows every day. Mine has been a wonderful recovery." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes intestinal ailments, including appendicitis. TROCO

Fresh, Sweet, Delicate

—Made from the White Meat of Coconuts

Troco is a real luxury, although you save much by its use. It is made from the most appetizing of ingredients—dainty nut fat extracted from the white meat of coconuts and churned with pasteurized milk, the favorite food products of Tropic and Temperate climes. Its fresh, sweet, delicate flavor and perfect texture are unsurpassed by any product, whatever the price.

Troco is made by a special process which insures a perfect and standardized quality. It is churned and shipped daily, on ice, to insure it reaching your dealer in perfect condition.

Ask for Troco by name and insure satisfaction while saving from 25 to 40 cents on every pound. If you have trouble in securing it in the perfect condition it should be, send your dealer's name to the Troco Nut Butter Company, Chicago.

Troco is labeled "oleo margarine" because of laws passed before this nut-made butter was invented. But it contains no animal oils—just pure vegetable fats and milk. Sold by

Notice the Lines

HERE'S just one of the very striking new models that Hart Schaffner & Marx have designed for our young men for fall. We suggest that you take a careful look at the lines of this suit.

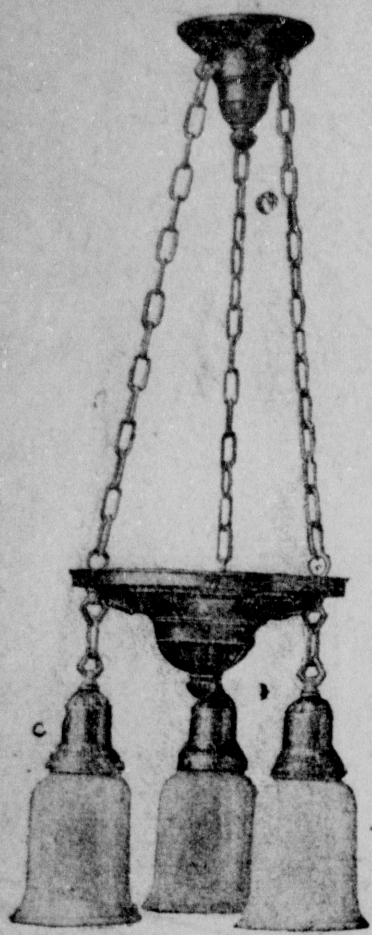

THEY'RE typical in some respects of all our suits; the soft roll lapel; chesty looking front; new sleeve finish; buttons set rather high to give the high-waisted effect; these are some of the points.

MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."—Mrs. ELIZABETH MAY, R. F. D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country have been and are being received.

Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs

almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it, so simple that a lot of people will say that it can't do the work but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your welcome yearly visitor fails to appear.

Unofficial World's Series
Batting Averages

CHICAGO, Oct. 9.—The unofficial batting averages of the series show that four White Sox batted over the 300 mark during the series, while five Reds are over that figure. Of the men who have played in all eight contests Joe Jackson leads with a batting average of .375. He is closely followed by Neale of Cincinnati with .357.

The official averages were not finished when the official scorers caught their trains out of this city tonight, but the unofficial averages that follow show that Cincinnati outbatted Chicago as a team by percentages of .255 to .224.

World's Series Pitching
Records

Player	G	AB	R	H	2B	3B	TB	Pct.
Chicago	284	59	224					
Cincinnati	251	64	255					

CHICAGO, Oct. 9.—"Hod" Eller was far less effective in the concluding game of the world's series today than on last Monday, but the pitching analysis proved him good enough in comparison with the brand of hurling displayed by the three White Sox pitchers. They had to throw 163 times in nine innings, while Eller tried his arm 130 times. Eller missed the plate 40 times, giving 39 balls and hitting a batsman in the ninth inning. The Chicago trio was wide of the plate 65 times, having 63 bad ones called on them and hitting two of the visitors. More than half of these poor pitches were charged to "Big Bill" James whose inability to find the corners when he had "stuff" on the ball caused his removal in the sixth inning. Wilkinson's control was none too good either as evidenced by the 26 wide pitches in four innings.

Claude Williams found the plate easily enough while he was on the mound but like the proverbial magician he had nothing with which to deceive.

Eller's figures showed also the same general characteristics that he displayed in his previous game. The White Sox hit an even sixty of his offerings but only eight were on the grass. There

were sixteen foul strikes, and twenty two fair flies recorded by the Chicago sluggers. A goodly number of these fair flies went far afield, but their weight allowed the Reds' outer defense to reach them.

Eller's best innings were the fourth and fifth, in each of which he averaged only three pitches to putout. His longest session was the second, but after a wobbly start he registered a strikeout for the third out, repeating a similar feat of the first inning. The bombardment of the eighth inning was revealed by the small number of strikes as compared with balls hit to fair ground and he was a tired pitcher when the final out was registered. On the Chicago hurlers only Wilkinson had an inning worthy of note and that was the ninth when he threw only seven times.

From County Agent's Office

Culling Poultry—At least one third of the hens in Morgan County are beating their board bill, instead of paying for their keep by laying eggs. If these hens were sold now the public could get chickens for Sunday dinners, the farmers would be saved a large part of the feed bill and the egg production would not be cut any noticeable amount. A farm flock was recently culled for Mrs. George Holley of Arnold. She kept the culs two days but did not get an egg from their pen. Another flock culled for Chris Richardson of Orleans, was kept several days, but only two eggs were found in the pen where the culs were. A flock culled at W. F. Deterding's farm west of Concord, gave similar results. G. C. Whitlock, southeast of Murrayville, kept a pen of culs from Wednesday to Saturday and did not get a single egg. Yesterday at R. S. Hamilton's Mr. Hamilton said he had confidence enough in the culling so that he was going to sell them that same day instead of keeping them to see whether or not the county agent had made a mistake. There is really something to the system of culling that we are trying to introduce into this county. If you do not know how to cull a flock systematically, arrange with this office for a demonstration this month. It is certainly bad business policy to keep a lot of non-laying hens thru the winter months.

A Peculiar Egg—Harry Ogle, northwest of the city, brought an egg to this office Monday that contained a white worm three inches in length when the egg was broken. D. T. Heimlich advanced the opinion that the worm was one of the 44 different kinds of worms that may infest the intestinal tract of fowls. Mr. Heimlich thinks the worm worked its way up into the oviduct of the hen and thence was enveloped in the egg when it was formed. So far as the county agent knows, this is the only case on record, and D. T. Heimlich's explanation may be the right one. If any one has a better explanation we would be glad to hear it.

The Breeders' Association Round Up—The Morgan County Breeders' Association is planning for a round-up at Lester Reed's sale on Friday. Mr. Reed has arranged for a band to be present and invited the members of the association particularly to come out and hold any sort of meeting the time would permit. So far every one seems to be going. It is an occasion when directors of the new association ought to enroll a number of new members. Why wait to be asked to join? If you are interested in pure-bred horses, cattle, sheep, swine, or poultry show your colors by joining this association when it has its round-up Friday. The association wants you and you need the association.

Ladies' Aid of Merritt will give an oyster and ice cream supper on Oct. 15th. The Merritt orchestra will furnish music.

WOODSON

Mr. and Mrs. Paul Humphries, who were married recently, left here for St. Louis last week where they expect to remain for several months as Mr. Humphries is a senior student in the medical university in that city.

DYER & SON HELD CLOSING OUT SALE

S. M. Dyer and Son Sold Holdings Wednesday Afternoon—Prices Were Uniformly Good.

S. M. Dyer and son held a closing out sale Wednesday afternoon at their home seven miles southeast of Murrayville. The attendance was large and prices were uniformly satisfactory. The total of the sale was approximately \$2,490. H. E. Spencer served as auctioneer and was assisted by Stanley Graves and Melvin Hart. The ladies of Union Grove church served the lunch.

Mr. Dyer and son expect soon to remove to Denver, Colo., and disposed of all their holdings Wednesday, including household goods and farming implements. Among the sales and buyers were:

George Windsor, team, \$225.
Henry Goacher, horse, \$65.
Sam Herrick, gray mare, \$127.50.
W. E. Brown, cow, \$96.
H. E. Spencer, two cows, \$176.
Thomas Loneragan, 20 hogs at \$24 a head.
John Langton, 5 sows at \$25 each.

I will not be responsible for any bills contracted by any one other than myself. C. D. Meade.

Have You any Remmo Sterilized Soap?

Baby's skin is delicate and tender. Harsh or impure soap would prove highly injurious. The trained nurse knows that. She demands purity—and absolute sanitation. She realizes the importance of anti-septic methods.

Practically everything she uses is sterilized.

Care in selection of toilet soap for grown ups should be as exacting as it is for little tots. No skin should be abused.

Thorough sanitation—is a vitally important factor always. It is essential to the maintenance of health.

Scores of things you buy and

use are now sterilized for the sake of purity and protection. And at last this safeguard is given to you in a toilet soap.

Remmo Sterilized Toilet Soap—is made of the highest quality ingredients procurable—by one of the oldest soap manufacturers in America.

Each ingredient is sterilized at 198 degrees fahrenheit. This means that all germ life, all impurities are positively driven from Remmo Soap.

Remmo Sterilized Soap comes to you absolutely pure.

It is a soap fit for baby and sick room use, where the most rigid rules of sanitation are

enforced. Certainly then it's the most desirable for every day use.

Remmo Sterilized Soap possesses unrivaled cleansing qualities. Its rich, sterilized lather quickly cleanses the skin—removing accumulation embedded in the tiny pores. It not only cleanses but actually benefits—softens the skin—promoting a smooth, satiny texture flushed with a glow of health. An everyday soap—of absolute purity—that superbly answers the purpose of both a cleanser and a beautifier.

You must use a toilet soap, why not use the most beneficial. It costs no more.

AMERICAN LEGION TO HOLD STATE MEETING

Permanent Organization of Illinois Branch Will be Effected at Peoria Oct. 17th and 18th—Springfield Wants State Headquarters.

Peoria, Ill., Oct. 9.—Permanent organization of the Illinois branch of the American Legion is to be effected here at the first annual meeting, Oct. 17 and 18. Important questions to be settled include the permanent location of state headquarters, setting of the annual meeting date, election of state delegates to the first national convention of the Legion at Minneapolis, Nov. 10-12, and adoption of resolutions expressing the views of the ex-soldiers on subjects in which they have a vital interest.

The Illinois branch already is incorporated, but this step was taken in order to get the organization work under way and a nucleus from which to work. At the first annual meeting the temporary officials and state committeemen are to be succeeded by regularly elected officials who will outline the permanent policies of the branch.

George G. Seaman of Taylorville, present state chairman, has announced that he will not be a candidate for re-election and Earl B. Searcy, temporary secretary, likewise has disavowed any intention of seeking re-election although plans are said to be under way looking to retaining him in office.

Headquarters of the Legion now are maintained in Chicago but Springfield, which to date has the largest single local post, is said to be planning to put forth the advantages of that city, both from the standpoint of facilities and geographical location. A reduced fare has been granted by the railroads from all points of the state to this city for those attending the convention, the rates being effective from Oct. 14 to 22 inclusive.

PHILATHEA CLASS MET AT VIRGINIA TUESDAY

Mrs. Roberta Stirling Hostess to Members of Class—Mrs. M. F. Dorothy Leaves for New Home—Other News.

Virginia, Oct. 9.—Mr. and Mrs. James Sligh and daughter Christine returned Sunday from an auto trip thru Ohio.

Mrs. W. E. Gibson will hold a public sale at her residence near the C. P. & St. L. depot, Saturday, Oct. 11.

A business and social meeting of the Philathea class of the Presbyterian church was held at the residence of Mrs. Roberta Stirling Tuesday evening.

Mrs. Charlotte Dodson of Chandlerville was a week end guest at the home of Mr. and Mrs. Joseph W. Garner. She departs Monday morning for Painesville, Ohio, and was joined at Ashland by Dr. and Mrs. John Thompson of that city who had spent the past several weeks visiting relatives here.

Mrs. M. F. Dorothy left Tuesday for her new home in Sank Center, Minn. Mr. Dorothy left for that city some time ago where he accepted the management of a large department store. Their

Good hard wheat is scarce this year—

We paid the price and got the best.

There is so much poor wheat, and so little good wheat, this year, that it was necessary to pay high to get the best. For years we have been paying *extra* and getting the choice wheat, so this year we didn't hesitate on account of price. We jumped in and paid *higher prices*, and, as usual, got the best.

We didn't want to take any chances on the quality of Valier's Enterprise Flour. Only a small percentage of this year's crop has the necessary *strength* to make

Valier's Enterprise Flour

You can absolutely *depend* on this flour this year, as you have always done. If it costs you more than ordinary flour, as it will, just remember that we *couldn't* make Valier's Enterprise Flour from the general run of wheat.

You wouldn't be satisfied if we had, for you don't like soggy, heavy bread—no matter what it *costs*.

Valier's Enterprise Flour costs a little more in the sack, but a whole lot less in the loaf, because you get *more* loaves from the sack and have *no* failures.

Your grocer can sell you Valier's Enterprise Flour. Don't experiment with any other—insist on getting it.

"Community" is Valier's high-grade popular priced flour. It has made hosts of friends.
